Happy Easter We are closed on Friday April 14 and Monday April 17

Families are experts on their children. They are the first and most powerful influence on children's learning, development, health and well-being. Families bring diverse social, cultural, and linguistic perspectives. Families should feel that they belong, are valuable contributors to their children's learning and deserve to be engaged in a meaningful way.

"How Does Learning Happen"

Thank you to Rose and Boo from Therapy Tails, you give families opportunities to enjoy learning together.
