

November 2017

Ontario Early Years Centres are places where parents and caregivers can: take part with their children in a range of programs and activities; get answers to questions; get information about programs and services that are available; talk to early years professionals, as well as other parents and caregivers in the community.

Welcome Friends

Belonging

Positive, caring, and respectful relationships are the foundation for optimal learning, development, health, and well-being. Secure relationships contribute to children's emotional well-being and provide them with a safe environment in which to learn. A sense of belonging is supported when each child's unique spirit, individuality, and presence are valued.

How Does Learning Happen?

"Every child deserves to have someone's eyes light up when they enter the room." Jean Clinton
